

*Half Day, Online Drug & Alcohol Testing
Training
Course*

Delivered by Zoom

Half Day Online Training Course

The three hour online drug & alcohol training course has been specifically designed to be delivered to delegates working remotely. It is for up to 8 delegates and is delivered via Zoom.

We send out drug testing kits advance of the session so that delegates can familiarise themselves with the equipment during the training.

The training course would cover the use of Urine or Saliva testing procedures, depending on what you wish to use.

Online Drug and alcohol testing, training module

If you are considering setting up drug and alcohol testing in the workplace, this course will be of great benefit to you.

The training course will give you the tools to help you to set up your own testing procedures. Including first line (instant tests) and the preparation of chain of custody laboratory samples (second line tests). It also covers the taking of breath samples for alcohol breathalyser testing.

The course highlights when testing can be carried out, how it can be carried out, and gives guidance on potential outcomes for test failures.

The course typically covers:

Testing methods and detection times for both drugs and alcohol

Retention times for the most popular drugs

Signs and symptoms of drug and alcohol use

Testing procedures – walkthrough and explanation of the testing procedures

Conducting the tests

Reading the results

Recording the results

What to do with staff who test positive

Performing Chain of Custody tests

Taking breath samples for alcohol testing

The training takes you through the clinical processes and procedures for taking samples, and ensuring that 'chain of custody' samples are taken in conditions which make them legally defensible.

Consent forms of the presentations used, links to video's would also be given to you after the training along with Certificates, so that you have everything you need to start your own testing procedures.

Drug and alcohol policies

We are happy to cast a professional eye over your company drug & alcohol policy, should you wish us to do so.

Duration of training

3 hours
